Re: REACH and RoHS statement

Dear valued customer,

This letter describes the efforts Solid Semecs addresses concerns regarding hazardous materials in products.

General

To the best of our knowledge, all products manufactured and sold by Solid Semecs meets all current applicable legal requirements regarding the presence of hazardous substances in products, including the European directives¹. Part of the Electronic industry is provided by Solid Semecs by means of IMDS². In addition Solid Semecs support REACH³ upon request.

Environment Management System

Since the start of ISO14001 Solid Semecs has its manufacturing plant certified. With respect to all our operations, Solid Semecs maintains an environmental management system to ensure conformance with applicable requirements and to ensure our process operates in a manner that minimizes environmental impacts.

RoHS and Non-RoHS

Some customers demands that their products are manufactured using leaded soldering operations i.e. Surface Mounting and Wave Soldering. The leaded soldering processes are strictly separated with RoHS required process Within Solid Semecs.

Disclaimer

Solid Semecs manufactures electronic products using the BOM (Bill of Material) as prescribed by the customer and therefore follows the data and safety sheet provided by the electronic component manufacturer. Solid Semecs takes no responsibility any error in the data and safety sheet as provided.

If you need any additional or specific information concerning the above mentioned subjects, please contact your representative at Solid Semecs.

Sincerely yours,

Krish Marapin
REACH Coordinator

¹ EU Directive 2002/96/EC (27 January 2003) on waste electrical and electronic equipment EU Directive 2003/11/EC (6 February 2003 [amending Directive 76/769/EEC]) EU Directive 2002/95/EC (27 January 2003) on the restriction of use of certain hazardous substances in electrical and electronic equipment

² IMDS – International Material Data Sheet

³ REACH is a European Community Regulation on chemicals and their safe use (EC 1907/2006). It deals with the Registration, Evaluation, Authorization and Restriction of Chemical substances
